Understanding the nature of your professional organization

The National Federation of Licensed Practical Nurses, Inc. (NFLPN) is the professional organization for Licensed Practical and Vocational Nurses and Practical/Vocational nursing students. NFLPN was founded in the state of New York in 1949 to provide a structure at the national level through which LPNs and LVNs could promote better patient care and to speak and act on behalf of the occupational group. It is the only national organization in the United States governed entirely by LPNs and LVNs for LPNs and LVNs. NFLPN is recognized by other national nursing organizations as the official voice of LPNs and LVNs.

MISSION:

The Mission of the National Federation of Licensed Practical Nurses, Inc. is to foster high standards of nursing care and promote continued competence through education/certification and lifelong learning, with a focus on public protection. The National Federation of Licensed Practical Nurses, Inc. is committed to: Quality and professionalism in the delivery of nursing care working with other organizations and groups in a cooperative progressive spirit to build strong professional and public relationships. The National Federation of Licensed Practical Nurses, Inc. aspires to be the professional organization of choice, dedicated to quality driven decisions that elevate the profession of practical/vocational nursing.

PURPOSE:

NFLPN provides leadership for over one million Licensed Practical and Vocational Nurses licensed in the United States. NFLPN fosters high standards of practical/vocational nursing education and practice so that the best nursing care will be available to every patient. NFLPN encourages every LPN and LVN to make continuing education a priority for the purpose of personal growth and improved patient care. NFLPN achieves recognition for LPNs and LVNs and advocates the effective utilization of Licensed Practical and Vocational Nurses in every type of health care facility. NFLPN interprets the role and function of the LPN and LVN for the public in order to win greater understanding and appreciation of the contribution of practical/vocational nursing to the nation's healthcare system. NFLPN represents practical/vocational nursing through relationships with other national nursing, medical and allied health organizations, legislators, government officials, health agencies and institutions, educators and other professional groups which share the common goal of improved patient care. NFLPN serves as the central source of information on what is new and changing in practical/vocational nursing education and practice on the local, state and national levels.
