

National Board for Certification of Hospice and Palliative Nurses

One Penn Center West, Suite 229 . Pittsburgh, PA 15276
(412) 787-1057 . nbchpn@hpna.org

NBCHPN invites you to participate in our National Survey!

The National Board for Certification of Hospice and Palliative Nurses (NBCHPN®) is conducting a comprehensive study of licensed practical/vocational **hospice and palliative nursing**. With the assistance of our professional testing company, Applied Measurement Professionals Inc., the results of this national study will help us define the current practice of hospice and palliative licensed practical/vocational nurses. The Certified Hospice and Palliative Licensed Nurse certification examination will be reviewed to ensure current practices are reflected in the test specification and examination content.

If you are interested in helping NBCHPN® by participation in this survey, please send an email to nbchpn@hpna.org including your name and email address. In September, you will receive an e-mail invitation containing a link to the survey and you will have an opportunity to complete it.

Thank you in advance for your time and attention to this important matter.
